# A BRIEF ON J&K'S EDUCATIONAL MARKET

Every year, approximately 100,000 students in J&K qualify for the board and CBSE exams for classes 10th and 12th. Due to the very small number of medical, engineering, and management colleges, students from J&K, especially from Kashmir, go to different parts of India and abroad to pursue medical, engineering, management, IT, and other professional courses. As of now, thousands of students from J&K are studying in different colleges/universities across India and abroad.
